**GUILDFORD AND ASCIANO SIGN MOU TO WORK TOGETHER TO  
PROVIDE A SUPPLY CHAIN INFRASTRUCTURE SOLUTION FOR  
COAL FROM THE NORTHERN GALILEE BASIN**

Guildford Coal Limited (Guildford, ASX:GUF) has executed a Memorandum of Understanding (MOU) with Asciano Limited (Asciano, ASX:AIO) to work together with the intention of developing a pit to port coal transport solution for the Northern Galilee Basin.

Guildford and Asciano will investigate the various transport solutions for the design, construction and operation of a port facility and rail corridor from the Northern Galilee Basin.

This MOU is the next step in demonstrating the viability of a large scale multi pit development in the Northern Galilee Basin through utilisation of existing and expanded rail and port infrastructure.

For and on behalf of Guildford Coal Limited

**Mr Louis Chait**

Finance Director and Joint Company Secretary
