### **Mongolia Mine Commissioning - Baruun Noyon Uul (BNU) mine**

Guildford Coal Limited (ASX:GUF) is pleased to announce that the Company's Baruun Noyon Uul (BNU) mine (formerly North Pit) has been successfully and formally commissioned for operations and sales by the Mongolian Government.

This is a significant development milestone that enables the BNU mine to extract coal in readiness for first sale.

We now await final permitting of the coal transport company that will deliver first Sales from the Mine to the coal distribution hub at Ceke, on the China border.

The Company has positioned itself as the project developer of choice in the region, an important step in providing other opportunities for future growth.
