## ASX ANNOUNCEMENT

### Springsure Project MDL Application Lodged

Guildford Coal Limited (**Guildford** or the **Company**) (ASX: GUF) on behalf of Springsure Mining Pty Ltd, is pleased to announce the lodgement with the Department of Mines and Natural Resources (DNRM) a Mineral Development Licence (MDL) application, MDL3002, within the Springsure Project's Exploration Permit for Coal (EPC) No.1674.

The application was lodged on the 18<sup>th</sup> February 2015 and has entered the initial assessment stage with the DNRM.

Once granted the application proposes a 5 year program of further exploration and development to confirm feasibility of mining options for the Project. The MDL3002 application area and a conceptual mining layout is shown in relation to EPC1674 in the figures on the following pages.

This application represents a significant milestone in the development of the Springsure Project.
